

September 9<sup>th</sup> 2011

Dear Middle Schools Table Tennis Enthusiasts:

We want to share with you some exciting news about a new partnership between the [American Youth Table Tennis](#) and [SPiN New York](#), and what this partnership means for your school. As a non-profit dedicated to teaching table tennis and life skills to children, we are proudly entering our 10th year of providing after school table tennis instruction for New York City public school students.

To enhance this instruction even more, we have partnered with SPiN New York, NYC's foremost ping pong venue for casual and league play, to provide a menu of **free** equipment and enhanced training and events for this year's programs, including:

- Equipment, e.g., high quality table tennis tables, rackets, and balls
- coaching support from dedicated and knowledgeable coaches who can either run the program or partner with a dedicated teacher within the school to assist
- Professional development training
- Weekend Interscholastic League Matches
- Final league competition, including an exciting and engaging culminating event and tournament
- School t-shirts for each participating student

To take advantage of this exciting opportunity, please [click here](#) to complete a short eight question survey and we will contact you shortly. Also, this partnership is especially beneficial if you plan on choosing table tennis as a winter activity through the [CHAMPS Middle School Sports and Fitness League](#) program so that you have a dedicated teacher to recruit for and run the program. As you may know, there is now a [one-time application](#) for all three seasons for the 2011-12 school year. Principals of schools interested in a CHAMPS tennis table program for winter must apply by September 19!

I encourage you to take our survey and sign up for CHAMPS winter table tennis now so that your students can look forward to a better, more comprehensive table tennis program. If you have any questions, feel free to [email me](#) or give me a call (917-686-1911) and I look forward to working with you in the coming weeks.

Sincerely

Ben Nisbet - AYTTO
